

R 9200 N

Dismountable wheels with good load capacity, easy maintenance and high efficiency. Their hub is made of carbon steel and the rim of molded rubber. Designed for equipment and carts for outside use. Due to the high volume of rubber, they are provided with good bumping capacity against shocks and vibrations. Used generally in industrial equipment, airports, dealers, transport companies, etc.

Hardness: 80 (± 5) Shore A.

Color: Black.

Temperature range: from -30° up to 70° C.
